## Introduction

1. The 2019 Joint Service Sub Aqua Diving Safety Conference will be held at HMS RALEIGH on 20 March 2019.
2. This annual conference allows sub aqua divers of all services to meet, share experiences and knowledge. Crucially it is also a critical component of the safety system.
3. The conference will have a wide range of speakers and currently it is hoped to have representatives from the Superintendent of Diving/Diving Standards Officer (AT), Joint Service Sub Aqua Diving Centre, and British Sub Aqua Club (BSAC). It is also planned to have a Q&A session with members of the Joint Service Sub Aqua Diving Policy Advisory Committee.
4. A full admin instruction and detailed programme will be distributed nearer the time.

## Additional Courses

5. JSSADC are running a selection of short courses in the days before and after the conference. It is hoped that this will allow attendees at the conference to gain increased value from their trip. The following courses will be available:
  - a. Advanced Diver Theory lessons: 18-19 Mar 19

- b. Diver Coxswain Assessment: 18-19 Mar 19
- c. ESADS Refresher Course: 21-22 Mar 19
- d. Marine Radio Operator: 21-22 Mar 19
